“ Judy will be missed by many that knew her so well. She always smiled and never failed to ask about my family everyday that I saw her at DHEC. One of my fondest memories we both laughed about was when I was almost 9 months pregnant with my son and we walked out the side door of the health department together at the end of the day. It was not only a Valentine's Friday, but it was the day before Judy's birthday. I was tired and miserable as any "almost 9 month" pregnant woman feels at the end of a work day. She was sharing her birthday plans with me as we walked to our cars. I looked at her and said, " I'm going to have this baby tomorrow is my plan for your birthday". She laughed and said, " I hope you do, and you better call me if you do". We both knew that was probably hopeful thinking, because I still was three weeks away from my due date, although my "miserability" scale said I was ready. Sure enough I went into labor early hours of Saturday AM and my son was born at 11:00 AM. Later that day when I got out of recovery, and was able to call Judy....I really gave her a birthday surprise phone call. I think I heard her holler with joy all the way to Columbia. I think she spent the rest of the night calling everyone she knew telling them of her birthday surprise. She was so elated and never failed to remember my sons birthday with either a card and/ or a phone call. He still has a \$2 bill she sent him when he was little. This is the Judy we all know and will miss. I thank God for the blessing of working with Judy all of those years at DHEC. Judy blessed and touched us all with her love and her faith in God, may this give you comfort and peace to sustain you in the days ahead.

“ Peggy and I were saddened to hear of Judy's passing, but it finally dawned on us that God has taken His Angel home after sharing her with us for 71 years. We have many, many fond memories of her ability to make one smile, of her trips to visit, and her outgoing love to all who knew her.
She is with Him and we are sure she will light the way for the rest of us. Judy, you will always be in our prayer's.

“ To know Judy was a true blessing. She had such a calm, sweet spirit. We at DHEC loved her and valued her knowledge and work ethic and her wonderful coffee making skills. She now rest peacefully in the loving arms of her Savior surrounded by family and friends that have gone before. RIP my sweet friend, you will be missed.

“ ..I spent many summers in Saluda with my Mom's family, the Bradleys. It was at MYF that I first met Judy. She was so kind and friendly. We became friends and would exchange letters once I left for the summer. We lost touch for awhile but then had the wonderful opportunity to work together at DHEC. It was as if time had not passed, we picked right up. She cared about the people she worked with and the families she help serve. She loved her family, they were her liife and the importance of Christ in her life. Judy was a special person and you knew your life had been enriched by knowing her. She will be greatly missed but the wonderful memories she has left will be forever in our hearts. Prayers for all the family. Ann Brown Martin

“ I wish I DID have adequate words to express the good that Judy was to me and mine throughout so many years. She followed, encouraged, and loved us from before the time of our daughter Teresa's heart transplant all the way through the ongoing grief of Teresa's passing. Judy was one of the most actively kind people I have been blessed to know. I feel that I often have kind intentions, but unlike me with my sporadic efforts, Judy always, always followed through. She did what she could do even when her own health circumstances were trying and her energy limited. More times than I can count she sent cards and notes, or called and chatted, or called and left a message, or sent a church bulletin with the prayer list names underlined. I could feel those prayers and I could feel that love. I never forget. I am so saddened at her passing, but I think of her there in heaven and I hope she and Teresa have "met up" and reconnected. I will always love her. My family will always feel loved by her. She fought the good fight and she surely kept the faith. Family, you have a hero here whose legacy will serve future generations as a beacon, a model. Love and prayers,

“ Ms. Judy was loved by us all. She took Bruce under her wing at the health department. She always called us to make sure all of us (Bruce, Karen, Britni, Kristin and Hunter) were doing great. We will miss those calls. Ms. Judy was a very special lady but she is now truly at home. Our thoughts and prayers go out to the family. We love all of you!

“ Joanna, Bob and family,
Judy will truly be missed by many, many people who loved her. She was a treasure at DHEC and she was proud to say she worked for DHEC. She shared her wealth of knowledge of Home Health with her fellow co-workers. I loved it when she would let the doctor offices know that the referrals were to come to DHEC for services. She always belief we provided the best service (which I also agree with her). I am sure she is in heaven enjoying all the family and friends that she has missed. She will be missed by many but I know she is in a better place. She will never be forgotten for the cards, calls and talks I had with her. She loved us at DHEC and will be greatly missed. My prayers are with all the family and I trust each of you will seek comfort in knowing she is now in good health enjoying her reward. She has been through a lot here on this earth but God needed her in heaven. She was a treasure here on earth and one day I know I will see her again. I can still remember the time we all had to learn to use a computer and Judy learned with alot of headaches but she accomplished the task. She still kept her hard copies and she knew her job well. I loved Judy and will truly miss her. God bless all of you. Praying, Dale Bagwell--
