“ Grandpa was the original Superman- I'm sure a lot of kids think that about their grandparents, but in this case it's the truth. He was honest, spoke his mind and was a firm believer in family and always taught us to be our own person and not just follow someone else's example. Nothing I can say will begin to do justice to his memory. He was the best fisherman I ever knew and from my very first memory of him, he always worked hard and enjoyed each and every day. I know he's in a better place without any more pain, but he will be missed by all of us. We love you Grandpa

Our hearts are saddened by the passing of Mr. Buddy, our prayers are with all the family and friends. He was a great man, and I enjoyed every visit with him and his dear wife and their family. He was a good listener and a great friend to talk too and just spend time with. May he rest in peace until that great day when we shall meet all of our loved ones and Jesus who made it possible to have the blessed hope. I love you all
