“ Bobby and Fred lived in the house beside my parents, then moved to a house up the street. Bobby became my mother’s best neighbor and friend. In her later life Mom placed an electric candle in a window and lite it each night to tell Bobby that all was good and Bobby was Mom’s first person to contact on Lifeline because we all knew she would be there to check on Mom. I will miss getting my birthday card from her as she has done for so many church members for so many years. One of the true angels who walk among us.

“ My lovely sister, in spirit & body, has left us here on earth to enter the kingdom of God. Being the eldest of our family, she was like a mother to all her younger siblings. Anyone entering her home always felt comfortable, be it family, friends, or those in need. She always had a kind word to offer.  
I will truly miss not being able to pick up the phone & speak to her, but will remember her in prayers always. Thank you, Bobby, for sharing your life with us, & for being a shining example. Rest in peace, & may God be with your children, Mack, Nora, & their families, as they grieve your loss.

“ Mrs Fulmer was a strong influence in my life . Her faith and smile I’ll remember always. Her commitment to our church and our Lord ❤️ 🙏 Growing up I remember us always having a devotional around a wonderful meal she would prepare. She treated me as a daughter and I loved her, Mr Fulmer Mack and Nora dearly ! Some of the best memories in my life.
