“ I posted this on the Charleston Memorial page but I see that you have this site also:

Doshia came into my life shortly after I lost both my parents. She was a good friend to me and I will never forget the many mornings we talked about everything and anything in the world. She has always remained in my heart as one of the special people in my life. I am saddened to learn of her passing.

“ Doshia was a person I always enjoyed being around. She was a beautiful lady and knew how to enjoy people. She loved and was loved by her family and many friends.

I am sorry I could not make it to the visitation or the service. I am sure it was a celebration of her life. I grieve her death but her influence and memory will be close to my heart. My sympathy to her children and other members of the family.

“ I was so sorry to hear of your loss. It doesn't matter if you are expecting it or not, it's still a shocking experience when death comes. Mr. Jimmy (Ginnie), you are the only ones I know personally but may God be with you all. If there is anything I can do please let me know. God Bless you all!
