“ It was my great privilege to have worked on real estate closings by his side and also on the opposite side of the aisle in the court room as a very worthy adversary. A great lawyer and a good man. He will be missed.

“ I was privileged to have known George as an attorney dating back to the early seventies as I worked for the Lexington County Family Court and later I had a business relationship with him as an insurance agent. I remember his pleasant countenance and had great respect for him as an attorney, David Brown.

“ I do not believe I would be the person I am today without knowing this family. Values, humor, kindness, and accountability were the takeaways for me growing up. Buddy never had to say anything to us as kids, he would just give us that look, and we knew what he meant. When you're young you think it's about WHAT you get, but when you're older, you realize it's about WHO you get, in your life, that directs your path. I was lucky to have great friends growing up. I do take a little comfort knowing that my father now has a person in Heaven to play Jeopardy with. My prayers go out to the entire Nicholson family.
