“ Our sympathies for all of Harry’s family. Harry always knew how to handle the situation. In the early 90s, On a trip for a competition near Atlanta with Saluda High School band, one of the buses had a flat tire. Instead of having to wait for a repair truck from somewhere or another bus, Harry took charge of the situation, got the spare tire on the bus, and we were on time to our competition. Otherwise, we would have had that long ride there and back for nothing! He will definitely be missed here on Earth, but I’m certain he’s already asking God what he can do to help.
