“ As I sit-up front at the Nursing Home screening employees an visitors I I keep waiting on Mr Goodman (speedy) to come flying around the corner and come to me saying whatcha doing I would say working what you doing and he would reply “nuttin “ he would sit in his wheelchair at front every day! He would chew his tobacco and spit in his cup. He always looked forward to see Sheila come in with Sammy(dude) is what he called him. He would ride Sammy around on his Wheelchair. They both enjoyed that! He also looked forward to Sheila bringing him a gravy biscuit and more tobacco . He would stay up here all day telling me who is coming in. He knew everything going on at NH. I sure do miss him and his chewing tobacco and spit cup! RIP speedy you sure are missed!
