“ *Judy and I work together at Grimes Aerospace in the screen print area. She worked across from my table. We looked at each other every day. And we would talk. She would always talk about Bunny, she really loved her as she did most of her family. I don't usually remember too many names but the name Bunny really always a name that caught my attention. We always had fun, laughing and joking together. I'm sorry for y'all loss, she was a really sweet person and I'm sure y'all miss her already.*
