“ Kim & I were friends in high school & much closer friends in college. She was a very intelligent lady who helped me to refine my studying skills for our art history class together (we both made "A's" in the course).

We've kept in touch all these years - we talked on the phone, we e-mailed, we sent each other cards. Thinking of her on her birthday this year on May 5th. Lucky Lambdin, Beckton, Wyoming.

“ Kim and I first met in August of 1971 when we were freshmen in high school in Galveston, Texas. I paid her the occasional visit at her house on Kleimann Ave. where she lived with her brother, Marvin, to do some studying together but, as I recall, the studying often resulted in hearty laughing matches instead of actually learning much. Then, a few years later, we reconnected at The University of Texas at Austin, where we wound up in the same Art History classes for two semesters in a row. Again, we studied together, & she taught me some great devices on how to memorize certain portions of the material, & we both made "A"s in the courses. Brad sent me an e-mail about Kim's accident just today, & I am stunned to hear about it. We were friends for over 50 years, & I know that she was a genuinely lovely lady, conscientious as a worker can be, & as loving as any parent & grandparent can be. Well, Kim - goodbye. I am so very sorry to see you leave, but may you enjoy your journey.

Best wishes. Lucky G. Lambdin, Sheridan, Wyoming.

“ Kim with a wonderful coworker that I had the pleasure of dealing with many times in my 25 years at BAE. While I did work in York, I took trips to Aiken and worked with Kim many times throughout the years I can still remember when she told me she would be a grandma for the first time and then again the second time as well. She loved her family for sure. My sincere condolences during this difficult time.

“ Brad and friends: So heartbroken for your loss. Kim was such a beautiful spirit. My parents loved her like a daughter and I am so happy they had each other in their lives. Mom always kept me up to date on Kim and Brad. Mom passed in 2017, Kim was one of the first people I called. Kim will live on in our hearts and lives. The memories of Kim are numerous and span 40 something years. The Myron "Pop" Slater family and Danny Gaskin

“ *It is said some friendships are for a reason, some a season, and some a lifetime. My dearest friend for a lifetime – for forty four years we shared fun, joy, sadness, good times and bad. You were always there for me. Fresh out of school in Guntersville, we had a blast! So much fun, so few worries. And on those rare occasions of worry, we would get twisty cones on the way home from work, to make it all better.*

*A friend who always had your back; always made you laugh hard; always had a smile. She put others before herself, and helped out so many.*

*Even though our work lives separated us by many miles, we stayed in touch. We got together when we could, in North Carolina, in Galveston, and most recently, in South Carolina, Virginia, and Missouri. I don't know what I'm going to do without our regular calls. Even now, I reach for the phone – and then remember.*

*I miss you dearly, my friend.....*

*Love*

*Kimberly and I were neighbors/friends. She was always kind and if she could help in anyway no task was ever to big or small. I met Kim when we moved next door the year of 2016 and it was if I had known her all my life. She embraced my entire family especially the grandchildren. She was that person you could talk to. We will miss her dearly. To her son Brad your mom was one of a kind that was loved her neighbor and likewise she said to me we are family. Alvin & Julia Smith*

“ Kim Bundrick was an exceptionally good neighbor. If you asked, "Kim, could you?", the answer was most always, yes. I had hoped to have her as a neighbor for years to come. I wish the best for her family moving forward without her strength, energy, and smile.
