“ *Linda and I knew each other from 3rd grade and were friends all the way thru high school. We had many good times. She was a good person with a good heard and always looking for love. One fond memory I have is whenever it was time for my family to have supper, Linda would show up and mom would always say, "Linda, have you eaten and would u care to have supper with us?" Linda would always say, "Don't mind if I do." We'd laugh. I think she craved that dinner table family atmosphere that we had. Last time I saw her I was around 30 and it was in front of the New Ellenton bank. She said she'd heard I'd become a hairdresser and she was glad for me cause she knew I always did everyone's hair, including her moms'. I never saw her at any reunion or ever again and I have thought of her so often thru these years.*

*RIP Linda, my friend.*

“ I am so sad to hear about Linda's passing. I have so many happy memories of our times growing up..We first lived next door to each other in Aiken, SC. Our fathers, who both worked at Dupont, now SRS, moved our families to New Ellenton, We ended up in the same neighborhood again. We were close friends through high school, but lost track after she married and I went away to college. What a wonderful friend she was for so many years of my life. My prayers are with you all.

“ *Mrs. Griffith and Andy,*

*Linda was a close friend of my cousin, Lynn Hamilton. I have lots of memories of tagging along with Lynn and hanging out at Linda's house. I remember listening to lots of music in those days. One of Linda's favorites was DOA by Bloodrock. It was a strange song that stuck in the mind of this then 8 year old kid for 46 years. Linda, Lynn, my then boyfriend and later husband, Chris, and I went to the Peach Bowl in Atlanta to see Clemson play Baylor on December 31, 1979. I have not seen or heard anything about Linda in many years, however, I always remember Linda fondly. May you Rest in Peace, my friend. May God wrap his loving arms around Linda's loved ones and help you find peace during this time of sorrow.*

*Love, hugs and prayers,*

*I am shocked, saddened and stunned at this news. My heart goes out  
to Marion and Andy. I knew Linda from 3rd grade all way thru high  
school. Linda and I were good friends and I'll never forget how she  
always made it to our house right at suppertime. Mom would say,  
"Linda would u like to have supper with us?" and Linda would always  
respond, "Don't mind if I do.". It was as if she was looking for that  
"family table" experience that we had. She was a good friend and the  
last time I saw her I was around 30 yrs and in NE in front of the local  
bank. She said she heard I had become a hairdresser and she was  
happy for me. She looked like the long haired Linda I always knew. We  
lost touch and I never saw her at any reunions. I miss her and my  
handful of gal pals from that time.*

*RIP Linda.*
